How to wish your customer  
**a good night.**

# YATHRI

MATTRESS

VERTICAL FIBRE ORIENTATION  
**VFO**  
FOR UNIFORM DENSITY

*Presenting*  
**Yathri Rubberised Coir  
Mattresses from Rubco**

Of all the comforts of your hotel room, what your customers use the most is often the bed. Which also means a satisfied customer is always one who has slept the night well. To ensure your customers a relaxed and restful sleep, you need the right kind of mattress. **Rubco's Yathri.** Rubco Yathri mattresses are manufactured in a state-of-the-art, computer controlled plant imported from DOA, Austria. The DOA sheet foaming machine has the unique advantage of producing uniform density vertical oriented fibre sheets. Vertical Fibre Orientation (VFO) ensures extra cushioning effect and high durability in the mattresses.

**Yathri** combines superior sleeping comfort with perfect back support, enabling a relaxed, healthy sleep. Layer upon layer of rubberised coir and latex enhance the comfort while soft and elegant quilting adds a luxurious feel. The most modern computer controlled machines imported from U.K. and U.S.A. are employed for manufacturing the upholstery. Strict quality control is observed at every stage of the production to ensure excellent durability in every **Yathri** mattress, in addition to supreme comfort.

So if you want your customers to keep coming back to your hotel, give them the very best **Rubco's Yathri** rubberised coir mattresses.
